

Article 22

(1) As of 2017, the suppliers determine on quarterly basis the values of the performance indicators for the energy supply activity, by categories of final consumers, i.e. household consumers, small non-household consumers, large non-household consumers, according to Annex no. 2.

(2) The suppliers which have energy supply contracts concluded with the final consumers during one calendar year shall provide to the Romanian Energy Regulatory Authority, on quarterly basis, until the 15th day of the second month after the end of the trimester for which reporting is done, the data provided at paragraph (1) in electronic format, which to allow their processing. At the same time, the suppliers shall also provide to the Romanian Energy Regulatory Authority, on annual basis, until 15 February, in hard copy and electronic format, which to allow data processing, the data afferent to the previous calendar year. On the same dates, the supplier is bound to upload on its webpage the quarterly and annual data and to keep them displayed for three calendar years.

(3) The suppliers shall keep for five calendar years the data necessary to recalculate the performance indicators from this standard.

Article 23

On quarterly and annual basis, on the due dates provided at Article 22, paragraph (2), the economic operators which hold energy supply license, but have not supplied energy to the final consumers, shall publish on their own webpage a notification in this respect in order to justify the fact that they failed to comply with the provisions of Article 22.
